Mr. Steam Towel Warmer

\$1360 and up

For those living in colder climes, a towel warmer is a good bet. Mr. Steam's polished chrome model uses electricity, rather than hot water, and at 36 inches by 23.75 inches, it should fit even the coziest of water closets. It also comes in bronze, pewter, polished gold and antique brass.

For more information, visit www.mrsteam.com.
